1. Signing In

Roadie Ranger uses your Texas Roadhouse work account to sign you in, so there's no separate password to remember. Just follow the steps below.

1. Open the Roadie Ranger web address in your browser. You'll see the sign-in screen with the Texas Roadhouse Core Web Portal branding.
2. Select Login (or you may be redirected automatically).
3. On the "Pick an account" screen, select your work account from the list. If you don't see it, choose Use another account and enter your Texas Roadhouse email.

Pick an account — select your Texas Roadhouse work account to continue.

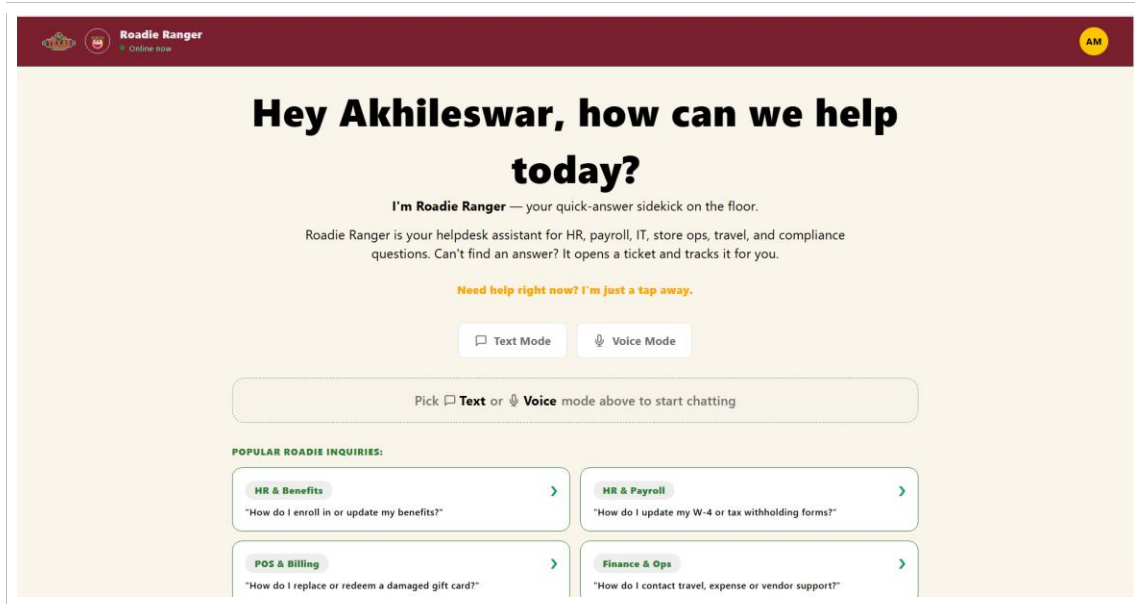

Once you've selected your account, you'll be signed in automatically and taken straight to the Roadie Ranger home screen — no additional password entry is needed.

Tip

If you have more than one Texas Roadhouse account listed (for example, a regular account and an "SU" elevated account), choose the one you normally use for day-to-day work.

2. Home Screen Overview

After signing in, you'll land on the Roadie Ranger home screen. This is where every conversation starts.

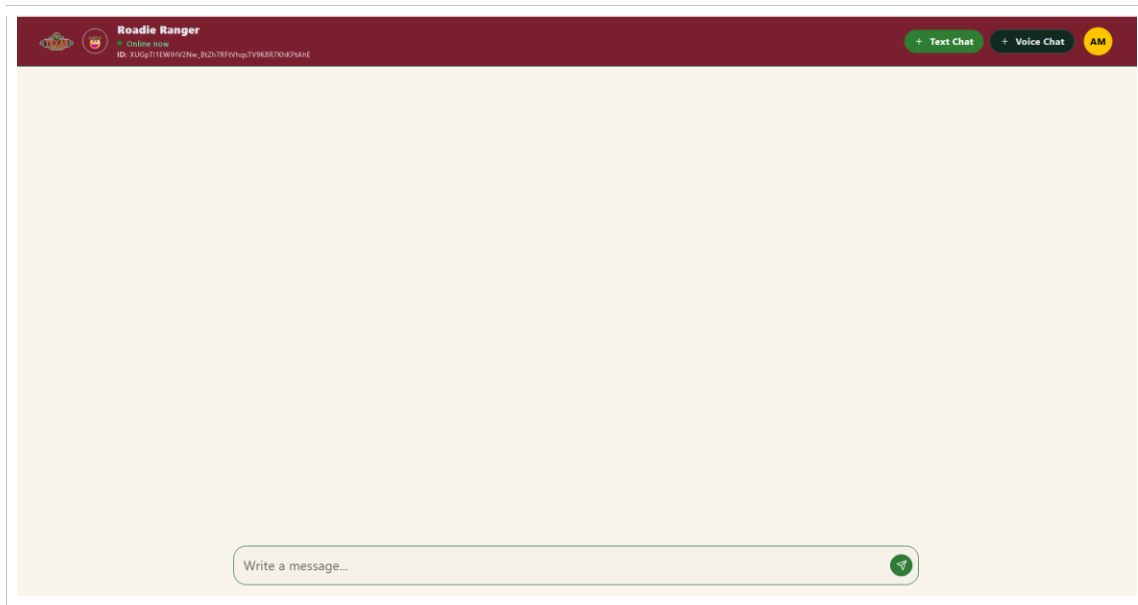

The Roadie Ranger home screen, with Text Mode, Voice Mode, and Popular Roadie Inquiries.

What you see	What it does
Greeting message	Welcomes you by name and briefly explains what Roadie Ranger can help with — HR, payroll, IT, store ops, travel, and compliance questions.
Text Mode button	Select this to start a typed conversation. See Section 3.
Voice Mode button	Select this to start a spoken conversation. See Section 5.
Popular Roadie Inquiries cards	Ready-made example questions grouped by topic. Selecting a card jumps straight into Text Mode with that question already filled in. See Section 3.

3. Using Text Chat

Starting a text conversation

4. From the home screen, select Text Mode.
5. You'll land on an empty chat screen with a message box at the bottom.

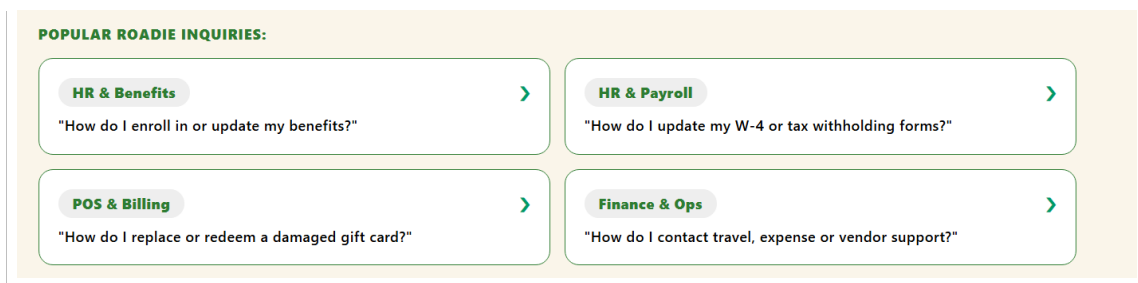

The Text Chat screen, ready for your first message.

6. Type your question into the Write a message box.
7. Select the send button (the arrow icon) or press Enter to submit your question.

Using a Popular Roadie Inquiry card

If your question matches one of the example topics on the home screen, you can skip typing altogether:

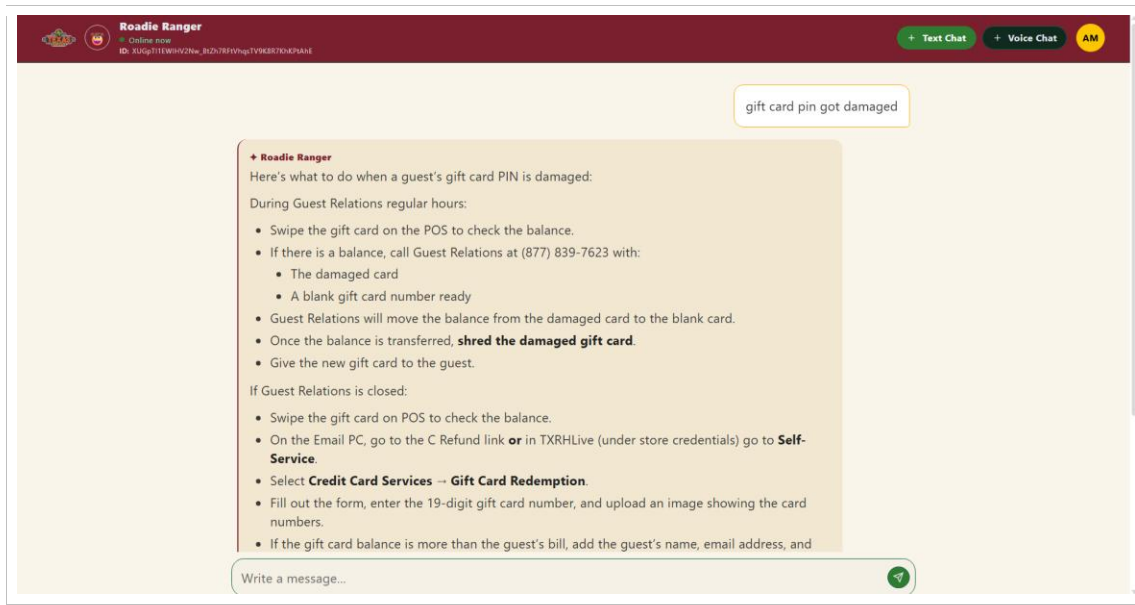

Popular Roadie Inquiries — HR & Benefits, HR & Payroll, POS & Billing, and Finance & Ops.

8. From the home screen, select any card under Popular Roadie Inquiries (for example, POS & Billing).
9. Roadie Ranger automatically switches to Text Mode and drafts that card's sample question into the message box for you.
10. Review the drafted question, then select send to submit it as-is, or edit it first if you'd like to ask something slightly different.

Reading a response

Once you send a question, Roadie Ranger replies directly in the chat window with a clear, formatted answer — often broken into numbered steps or bullet points so it's easy to follow along on the floor.

Example: asking about a damaged gift card PIN and receiving step-by-step instructions.

Tip

Long answers may be scrollable. Scroll down within the response box to see the rest of the steps if the answer doesn't fit on one screen.

4. Switching Between Text and Voice

You can switch modes at any time using the Text Chat and Voice Chat buttons at the top of the screen. Keep in mind that switching modes ends your current conversation, so Roadie Ranger will always check with you first.

11. While in an active conversation (Text or Voice), select the other mode's button in the top-right (for example, select Voice Chat while you're in a text conversation).
12. A confirmation dialog appears, warning that switching will close your current conversation.
13. Select Continue to switch modes and start fresh, or Cancel to stay in your current conversation.

This confirmation appears because each mode keeps its own separate conversation — switching doesn't carry your chat history over, so Roadie Ranger gives you the chance to finish reading or copying anything important first.

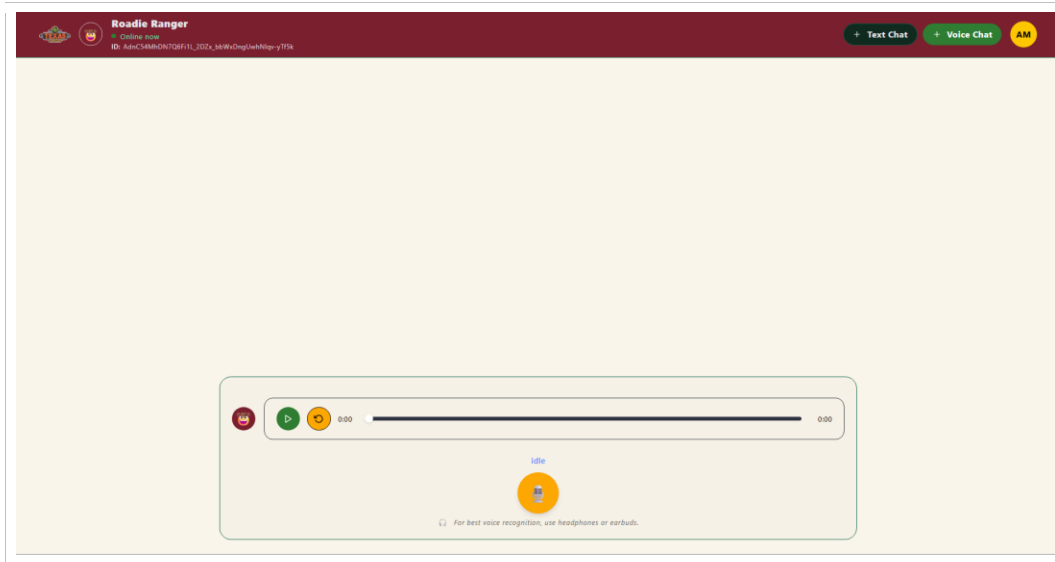

Note

The message shown reads "Switching to voice mode will close this text conversation. Would you like to continue?" The same warning appears in reverse when switching from Voice back to Text.

5. Using Voice Chat

Starting a voice conversation

14. From the home screen (or from Text Chat), select Voice Mode / Voice Chat.
15. The Voice Chat screen opens in an idle state, showing a microphone button at the bottom.

Voice Chat, idle and ready — select the microphone button to start speaking.

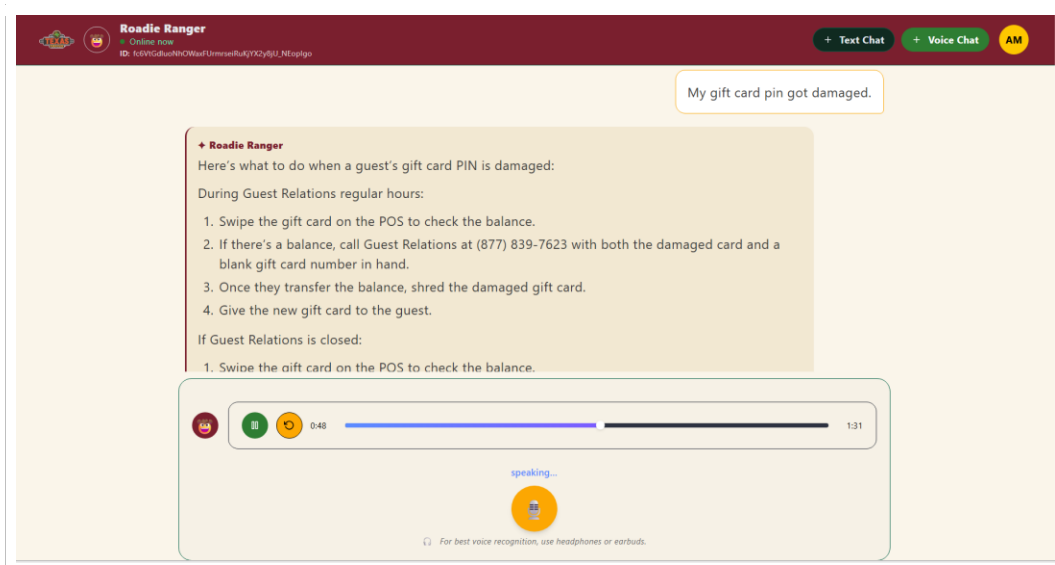

16. Select the microphone button and start speaking your question out loud.

Tip

For the clearest voice recognition, use headphones or earbuds, especially in a noisy store environment. This tip is also shown directly on the screen.

While Roadie Ranger is replying

After you finish speaking, Roadie Ranger processes your question and replies both out loud and in text, so you can listen or read along.

Roadie Ranger speaking its response, with the audio player showing playback progress.

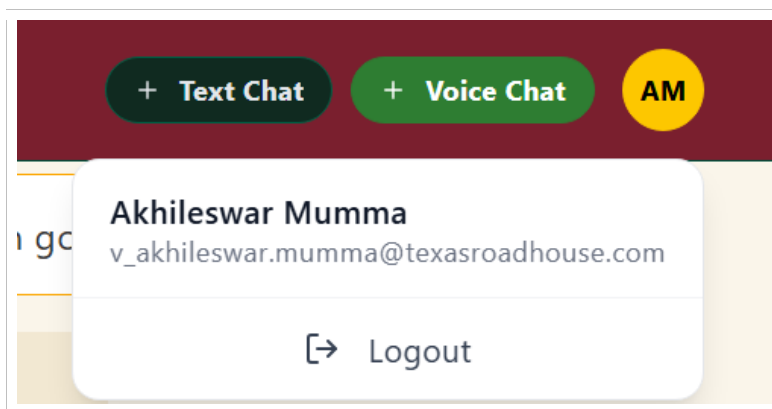

Status label	What it means
idle	Roadie Ranger is waiting for you to select the microphone and start speaking.
listening / thinking	Your question has been received and Roadie Ranger is working on a response.
speaking...	Roadie Ranger is actively replying — you'll see the response text on screen and hear it through the audio player.

You can use the playback controls (play/pause and restart) beneath the response to replay what Roadie Ranger said. You can also start speaking again at any time to ask a follow-up question.

6. Your Profile and Signing Out

Your profile menu is available from any screen, in the top-right corner.

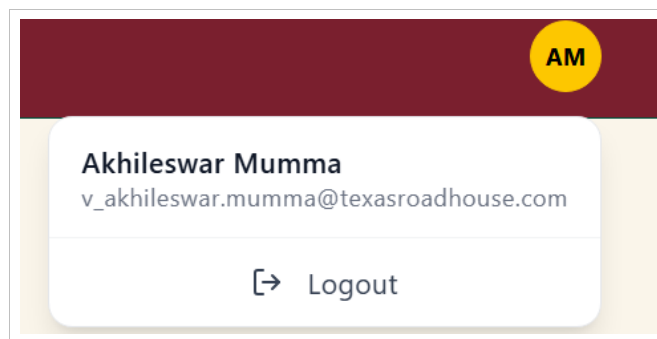

17. Select the circular avatar icon (your initials) in the top-right corner of the screen.
18. A small menu opens showing your name and work email.

Profile menu, opened from within an active Text or Voice conversation.

19. Select Logout to sign out of Roadie Ranger.

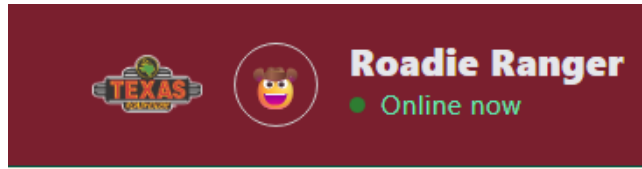

The same menu is available from the home screen as well, with the same Logout option.

Profile menu, opened from the home screen.

Tip

Selecting the Texas Roadhouse logo in the top-left corner of the header, from any screen, will always take you back to the home screen.

The header: select the Texas Roadhouse logo (left) to return Home at any time.

7. Quick Reference

I want to...	Do this
Sign in	Select Login, then pick your Texas Roadhouse account.
Ask a typed question	Select Text Mode, type your question, then send.
Ask a quick, common question	Select a Popular Roadie Inquiries card — it auto-fills the question in Text Mode.
Ask a spoken question	Select Voice Mode, then select the microphone and speak.
Switch from Text to Voice (or back)	Select the other mode's button, then confirm Continue on the warning dialog.
Replay a voice response	Use the play/restart controls under the response in Voice Chat.
Return to the home screen	Select the Texas Roadhouse logo in the top-left of the header.
View your account / sign out	Select your avatar (initials) in the top-right, then select Logout.

Need more help? Ask Roadie Ranger directly — it can open and track a support ticket for you if it can't answer your question.
